

# The Erwin Dental Clinic

a not-for-profit, low-income dental clinic located within Erwin Technical College

2010 E. Hillsborough Avenue, Tampa, FL 33610

phone: (813) 238-7725

**Hours:** 8:00AM-3:00PM. The schedule changes slightly during the summer.

The clinic is open on weekdays, and is closed on holidays of the Hillsborough County Public School system.

The clinic provides general dental services and emergency dental services for patients age 18 or older.

Prices are fixed and are low. Payment, **IN CASH ONLY**, is expected at the time of service. There is a SunTrust ATM in the building.

For **general care**, patients should call and schedule for a series of x-rays, \$50 (cash only). After that they can schedule for a full exam with a dentist, \$50 (cash only). They will then have a treatment plan and can schedule services as needed.

For **emergency treatment** of pain, swelling, or bleeding, patients should come to the clinic between 8:00AM and 1:00PM any day we are open. Emergency patients will have one tooth or area examined and treated to relieve pain. \*Restorative treatments are only done on established patients. Emergency patients are worked in throughout the day between our scheduled patients. There will be a wait, so the earlier you arrive the more likely you will be treated the same day. Emergency exams and an x-ray are usually \$30 (cash only) and simple to complex extractions range from \$100-\$250 (cash only).

The clinic does not place implants and we do not prescribe narcotics or opioids.

The clinic does extractions, exams, cleanings, fillings, crowns and dentures. It does a limited range of root canals on established patients.

Patients visiting the clinic will need to show ID at the administrative office in the front of the building to enter the clinic.

**COVID-19 procedures** are in place for your safety. You will have your temperature checked before you enter the building and only the patient may enter. If you have any symptoms of COVID or you suspect you have it, if you have been in contact with someone with COVID or suspected of having it, please postpone your visit to our office for two weeks until you are cleared of disease.

Erwin is a public, technical college. The dental assistants are in training. The dentists are experienced and licensed.

**Hillsborough County Dental Research Clinic** *Updated July 2020*
